A. J. Theroux, who returned from Calgary with a heavy touch of grip, has improved rapidly and will soon be well again.

Rev. Sjovangen last week received word that another member had been added to his family. His wife is in Minnesota at the home of her parents.

James Bennett and wife returned this week from a summer's stay at Chertide and went out to their farm at Jenner in C. H. Wagner's car on Wednesday morning.

Two relatives of Mr. Van Luen arrived this week from Holland. They are looking over the country near Brutus, with a view of farming there.

C. C. Mills has returned from Barons, where he was threshing.

Ted Leonard, of Medicine Hat, spent Sunday afternoon with friends here.

Is your subscription due? If so, R.S.V.P., N.B., P.D.Q., etc. Paper costs money.

Miss Laura Bires was a passenger to Redcliff Monday evening, and may accept a position there.

Kenney McKenzie returned Friday evening from Gleichen, where he was working on a threshing crew. He reports a successful run.

Mrs. F. E. McDiarmid and son Burton have returned from a summer's visit at the old home, Rugby, North Dakota (much to Mack's delight!).

G. B. Ratcliffe, who has held preaching services on the Red Deer trail this summer, left Monday evening for Toronto, where he will continue his theological studies.

Thos. Havig, who has been near Weyburn, Sask., during the threshing season, has returned to his farm north of Carlstadt. His brother, Matt, will follow in a few days.

Ma Dusenbury and the girls will entertain at the Methodist church on October 12th, at 8 p.m. Admission including refreshments 15¢ and 25¢. A good time sure.

Jake Dryig and his eldest daughter are under the care of Dr. McEwen for typhoid fever, at their home in the country. The doctor states that both patients are recovering nicely.

After having made careful inquiry into the report that pre-emptions may be proven up now and the payment made later, The News finds that this holds true only when the full six years have been put in.

A. S. Lockrem and family are this week moving to Camrose, Alta. C. V. Beard is moving out to the Lockrem place, and will make his home there for the winter; Mr. Lockrem plans to return next summer to attend to the crop.

In the past, farmers down Suffield way have depended for their farm supply upon a small lake formed by the overflow from the C. P. R. tank there. For the last two weeks the supply has been cut off and the farmers have no water to use except from a small slough. Representatives to the C. P. R. should be made at once.

Martin Stubbs has received a card from S. C. (Steve) Swayne, posted at the Valcartier training camp just a few days before the Canadian soldiers left for England. He states "So far have had a pretty good time. Lots of hard work and early rising. Am on the machine gun section now. Somewhat more interesting than the ordinary drill."

Mayor Brown, of Medicine Hat, has succeeded in persuading the C. N.R. to start grading for their road from Medicine Hat to Hanna. Work will start next week north of Redcliff and 200 men with teams will be given a job. All who want work should apply at once to A. J. Drummond. Coming at this time, Mayor Brown's efforts will be doubly appreciated.

The war continues with its horror. A great battle has been raging for almost three weeks, with no decisive result—though the allies seem to be gaining the advantage. Late news is impossible to get, as the British censor will allow no news through until it is five days old. It is probable that Italy (supposed to be the Kaiser's ally) will declare war against Germany. Meanwhile, the Kaiser is finding good use for the helmet in which he has been getting photographed for the last twenty-five years.

A barrel of clothing for men, women and children, was received this week from the Norwegian Lutheran College Association, of Camrose. It will be distributed free to the needy on application to H. B. Brigham, at the Carlstadt Barber Shop.

Mr. and Mrs. Fred Currelly, who have been making an extended visit with their daughter, Mrs. F. J. Bean, left last evening to return to their home, Port Hope, Ontario. They plan to stop for a short stay with relatives in Toronto.

It is reported that in the pound law case, Henry vs. Lee, which was carried to a higher court, the decision of C.H. Wagner was sustained. If this report is correct, the pound law of King Municipality remains in full force.

Herb Maynard reports an average yield of 104 bushels of wheat off the field of 32 acres. Also that several of his neighbors had yields almost as good. Considering the fact that the rainfall this year has been only about one fourth the usual amount, Mr. Maynard is very well satisfied with prospects and is going to stick.

J. R. Gordon, son of Rancher Gordon of the Red Deer country, has been appointed to take charge of the Methodist Tide Lake Mission and arrived on the ground this week.

Mrs. S. G. McNab arrived last Saturday evening from Vancouver to join her husband here.

Carlstadt is doing her part in the great war now raging in the old world. If one half of the towns of the Dominion do as well in proportion, England will have assurance that her most important colony is in line heart and soul—and pocket book.

At a patriotic meeting held in McEwen's hall Tuesday evening, nearly \$100 in cash was subscribed in just a few minutes and a canvas of those who were not present is expected to yield considerable more.

Mayor Cotter occupied the chair, and a free discussion followed, short speeches being made by the chairman C. H. Wagner, H. W. Johnson, S. F. McEwen, A. J. Drummond, O. Wood, F. C. Woolfson and others. Messrs. Cotter, Wagner and Wood were appointed a committee to have charge of the fund.

Fred Dundas returned last week from Okotoks, where he had been for the threshing season. He showed symptoms of typhoid and after some attention by Dr. McEwen, he went to the hospital in the Hat on Monday. His friends who returned the next day stated that his temperature was normal again, so that it may not prove typhoid.

The Bassano Dam -- One of the Largest in the World

Above is shown a section of the C. P. R. dam across the Bow River near Bassano. One of the most striking sights on the prairie. Millions of dollars were spent in its construction and many more millions were needed to complete the irrigation system of which it is a part. Approximately 1,800 square miles are in the irrigated block, which extends from Bassano to a few miles west of Carlstadt.

There has been some misunderstanding regarding the filling of relief orders for provisions being issued by the Dominion government. Settlers getting these orders should know and remember that they can be filled at any store where they may wish to deal and there is no compulsion to buy from any particular store or stores.

C. P. R. trains are now running on winter schedule the westbound leaving Carlstadt at 1:47 p.m. and the east bound at 7:53 p.m. While the traveller now has no choice of a half dozen trains as in the "good old days," still the service is as good as traffic warrants. The Canadian Pacific has felt the touch of quiet times just the same as other institutions.

Appros of the train service, P. C. Woollven has received a letter from E. W. Beatty, general counsel of the Board of Railway Commissioners, in reply to a petition for better mail service. The reply states that the petition would be granted at the time the winter schedule went into effect.

Mrs Fred Rowatt left Wednesday evening to return to her home in Minot, N. D., after a visit here with friends. She was accompanied by Miss Susie Parkkari.

Martin Stubbs went to Medicine Hat Friday to visit relatives.

J. E. Goddard, stock buyer, was here a couple of days this week.

Oliver Frisley spent Sunday in the Hat.

EXCELLENT CONCERT

A most successful concert was given under the auspices of the W. A., last Thursday evening in the Adanace Hall. The use of the hall was given without charge and local talent supplied the program, so that the entire proceeds amounting to \$35.50 will go to help supply necessities for the wounded soldiers.

The program opened with "O Canada" by the school children and vocal selections were rendered by Mrs F. J. Bean accompanied by Mrs L. H. McKibbin; A. C. Hughes accompanied by Mrs O. J. Wood; Miss F. McKenzie accompanied by Mrs F. J. Basken; Mr and Mrs O. J. Wood. Instrumental selections were given by the Misses and Mr Derr; Mr and Mrs Hegy with Mrs W. M. Cotter; Mrs O. J. Wood and Mrs F. J. Basken. Recitations by Mrs E. C. Hegy accompanied by Mrs O. J. Wood, Misses M. Russell and Lucille Hall; Messrs H. W. Johnson and R. H. Thornton. Mr Johnson also gave a speech upon "The War and Christianity" which was much applauded. Singing of the National Anthem brought the program to an end.

Carlstadt ever has had good reason to be proud of the talent shown by its residents, in affairs of this kind, and this concert was one of the best. Many were the complimentary remarks heard on all sides.

A good number remained to the dance that followed, the music for which was supplied by P. M. Farrer violin, accompanied on the piano by Messrs Cotter, Wood, and Basken. E. C. Hegy, mandolin, also assisted.

ROW-GUNEY

A pretty church wedding occurred Saturday September 26th, in St. Mary's Anglican Church, when Guther Row, of Saffield, was joined in bonds of matrimony with Miss Isabel Gunev, of Toddington, England. Rev. Cyril Swainson was the pastor in charge. The church was beautifully decorated and a large number of friends of Saffield and Gasham were present at the ceremony. Following the nuptials, the happy couple were taken in an auto to James Murray's at Saffield, where a sumptuous wedding supper was served.

Mr and Mrs Row boarded the evening train for Medicine Hat, near where the groom is farming. Their many friends join in hearty congratulations.

N. E. Stuart purchased a fine team of gray mares last week from Adam Redke.

Dr Mason, Mrs and Miss Mason, left on Saturday morning for Vancouver, where they will spend the winter.

Mr and Mrs A. J. Drummond were passengers to Medicine Hat on Friday evening, returning to town Sunday.

Enos Leitch returned from Regina last week where he had been working in the harvest fields. His brother Sandford is expected back within the next two weeks.

Miss Parkinson, who has been staying with her sister, Mrs Thornton, for the past few days, left last night for Toronto.

Caines brothers have returned from the threshing run at High River.

Buy an Irrigated Farm FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE

Irrigation makes the farmer independent of rainfall and insures good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodder, which insures best returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community.

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the year 1914 having absolutely demonstrated its success wherever intelligently applied.

You can buy irrigated land from the Canadian Pacific Railway at prices ranging from \$35 to \$75 per acre, with twenty years' to pay and the privilege of a loan of \$2,000.00 for improvements (6% interest); no principal payment at the end of first and second years and no water rental for first year. Assistance is also given in supplying stock in approved instances.

This is the most liberal offer of irrigated farm land on record
